It is really surprising that men and women so commonly permit their hair to lose its good looks and actually to fall out in unsightly quantities.

Men's hair becomes disagreeably oily and stringy and gets thinner and thinner. Women suffer with falling hair and dandruff. Their hair loses its life, beauty and luxuriance.

All this can be easily prevented. Plain neglect is the cause. No more care than is given the teeth will assure abundant, vigorous, beautiful hair if the care is wisely directed.

Simple Directions

Regularly, two or three times a week, apply La Creole Hair Tonic, using the balls of the fingers to rub it into the scalp with a rotary motion. La Creole Hair Tonic stimulates the scalp circulation, supplies the hair roots with needed nourishment, and loosens the clogged dust and dandruff which brushing will remove. Do not use an inferior tonic. It is a dangerous mistake to do so.

At regular intervals, every ten days or two weeks, the hair should be washed thoroughly with La Creole Liquid Shampoo. If an excessively oily condition exists shampeo more frequently. La Creole will keep the glands and pores open and healthy and preserves the fine hair oils which make the hair soft, lustrous and fluffy. Inferior shampoos and soaps must be avoided because they leave the hair dry, brittle and lifeless. Never fail after shampooing to apply La Creole Hair Tonic.

If these rules are faithfully followed any one can have the charm which beautiful hair adds to the personality. Begin the use of La Creole Hair Tonic and La Creole Liquid Shampoo at once and notice the new

beauty and vigorous health of your hair. La Creole Hair Dressing is a treatment for the gradual restoration of the natural dark color to hair that has grown gray, gray

streaked, or faded. At Drug Stores and Toilet Counters La Creole Hair Tonic, 75c La Creole Liquid Shampoo, 50e La Creole Hair Dressing, \$1.00
